Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The Applicant discussed the 112 2th rejection regarding the "managed code". He pointed out the section in the Applicant's specification to further explain the meaning of "managed code". Examiner agreed with the Applicant's argument, therefore the 112 2th rejection will be withdrawn. Examiner suggested to the Applicant to amend all the independent claims to overcome the 101 rejection. He agreed to amend all the independent claims to overcome the 101 and 112 rejections raised by Examiner during the interview. Regarding the 102 rejection, the Applicant argued Koved did not teach claims 10, 16 and 19. Examiner will review the prior art again and will withdraw the prior art if the prior did not teach those limitations. However, no further analysis/search will be made until the formal written response is received. No agreement was reached at this time for allowance .
